

Company Introduction

Landcraft Projects Limited operates throughout the South Wales and Bristol region undertaking contracts for both the public and private sectors. Typically our clients are local authorities, building and civil engineering contractors and housing associations. We do not undertake any domestic contracts for private individuals.

The business generally falls into the following areas with both a construction and maintenance element and quite often we are called upon to also provide a design input which is a service we are happy to offer:

Soft landscaping which involves cultivation, planting, mulching, seeding and turfing.

Hard landscaping which involves paving, walling, fencing, surfacing and the installation of street furniture and play equipment.

Grounds maintenance which involves grass cutting, maintenance of planted areas, litter picking and the like.

Sports works, which involves traditional playing fields as well as all weather multi-sport facilities.

The company was formed in 1992 and we currently employ approximately 45 staff members. We have been recognised as being within the 50 fastest growing companies within Wales over two consecutive years. We are committed to providing a service of the highest standards. We are members of the British Association of Landscape Industries (BALI). We have also achieved the UK national 'Investor in People' standard.
